Winning bid: \$300.00

Listing #: 383561503

This is my dear Mum's machine.
It was bought new from Sewing Machine World and has been serviced by them in the past though not recently.
It hasn't been used for about 10 years
(Mum is 95 now) so has been collecting dust.
Works perfectly well.
I have a phone valuation well above the starting price of \$300.00.
Any technical questions might best be directed to Machine world in Onehunga.
These are seriously good machines.
comes with original manual & 2nd book.

- A** This could be a vague kind of answer. At 95 my Mums not too sure about a lot of things. It has a plastic cover,feet and spare bobbins. The manual and tools, I'm told, are somewhere in the house. I shall look tomorrow. 7:58 pm, Wed 15 Jun
